

AFCU Symposium 2025

Celebrating the 800th Anniversary of The Canticale of the Creatures

Wednesday, June 4–Saturday, June 7, 2025

VITERBO UNIVERSITY | LA CROSSE, WISCONSIN

Viterbo University will host the 2025 AFCU Symposium in beautiful La Crosse, Wisconsin.

The 2025 AFCU Symposium invites you to celebrate the profound and enduring legacy of St. Francis' *Canticale of the Creatures*. This year's conference will focus on the concepts of stewardship, service, and peacemaking as they relate to our own care of the environment, its creatures, and each other.

We invite proposals for break-out sessions and poster presentations that examine the themes from *Canticale of the Creatures* in various ways, from theoretical to practical, and that encourage rich discussions of the educational and social applications in both curricular and co-curricular areas on participants' respective campuses.

Please join us in honoring the beauty and wisdom of St. Francis' vision and help us explore the ways these timeless ideas can inspire and transform our educational communities.

Scan the code for more information, to submit a proposal now, or to register starting Jan. 6, 2025.
